

Champagne Towers

Champagne Towers

How Does it Work?

Your bartender(s) will provide a champagne tower with elegant crystal cut champagne glassware (200ml). Acrylic clear tower base, red/silver rope barrier, ice buckets and faux decor are all included.

How Long is the Service?

Our champagne tower service is 1.5 hours (+2 hours set up & breakdown).

Packages

Standard - 60 glasses (**£300**)

Grande - 96 glasses (**£400**)

*Towers built in sizes of 35 glasses

Optional Add Ons:

CHAMPAGNE CARTS (FROM £100)

Important FAQ's

Please Read Carefully:

- Please ensure we have a smooth flat surface (indoors only)
- We will partially fill some lower glasses for stability
- Please be mindful of music level (vibrations can affect the structure)
- When pouring - Please pour slowly until the top glass is full to reduce the risk of falling.
- Once full, our bartenders top up & will remove the glasses to serve

*Liability - Although every effort to ensure a standing structure is achieved throughout, we cannot 100% guarantee this due to outside factors.
